Federal University of Technology Akure, Nigeria

**Selected modules:** Information Retrieval; Applied Mathematics; Use of English; General Physics; Geology; Oceanography; Statistics; Mineral Ecology; Geophysics; Environmental Chemistry; Marine fluid dynamics; Remote Sensing; Energy resources

## PROFESSIONAL COURSES

### **Data Science**

MAY 2023 – JUL 2024

ALX Africa

**Selected modules:** Preparing Data; SQL; Data Visualization; Python; Regression; NLP Classification; Unsupervised Learning; AWS foundations

### **IBM Data Analytics with Excel and R**

OCT 2022 – SEPT 2023

Coursera

**Selected modules:** Data Analysis; SQL; Data Visualization; R; Regression; Excel

## WORK EXPERIENCE

### **Sainsbury's, Abbey Wood, London, UK**

OCT 2023 - PRESENT

*leading UK-based supermarket chain offering a wide range of groceries, household items, and online shopping services*

#### **Grocery Online Assistant**

- Successfully processed an average of 250 orders per day using the company's online ILS picking system software, ensuring efficiency and accuracy.
- Collated orders using specific equipment shopping stock Handset and prioritized based on temperature needs, contributing to over £200,000 in monthly savings by reducing wastage.
- Effectively liaised with customers during collection slots, addressing their concerns and ensuring they were informed and empowered to provide feedback through rating and survey mechanisms.

### **Precision Technologies Consultants Limited, Lagos, Nigeria**

FEB 2018 – AUG 2023

*A civil consulting firm of chartered engineers, architects, cost specialists, and project managers, known for its expertise in transit infrastructure*

#### **Project Officer**

- Collaborated with RYT-COXT, a logistic company, to conduct drone surveys for traffic analysis, contributing to terminal construction requirements and metric definition.
- Managed a team of 8 workers to collect and analyze survey data, resulting in the design of an efficient traffic system for Mile 2 and Marina's proposed intermodal exchange, with a budget of \$12 million.
- Oversaw the entire civil construction process, utilizing Office software to monitor critical activities and ensure timely project delivery.
- Generated comprehensive project documentation, including daily reports and technical photographs, using Excel to provide actionable visual reports for senior management decision-making.
- Supervised a team of 16 personnel, completing the project within 16 months, accommodating 5600 buses daily and offering additional facilities like shelter and restrooms.

### **Ministry of Works and Infrastructure, Abeokuta, Nigeria**

JAN 2017- DEC 2017

*State Government Civil Engineering Department*

#### **Assistant Supervisor**

- Assisted the lead engineer in logistical analysis, supporting smooth site operations during construction.
- Acted as a state government agent for the Mokola and NNPC Overhead bridge projects, overseeing material quality and quantity to minimize scope creep.
- Transcribed and reviewed construction draught drawings from AutoCAD, ensuring the accuracy and precision of on-site structures.

## EXTRACURRICULAR

### **GOFAMINT PPS, Nigeria**

JAN 2018 - AUG 2023

*A not-for-profit organization focusing on spiritual and social wellbeing*

#### **Volunteer**

- Directed media teams for Sunday services, managing equipment review, stream quality, and on-site photography.
- Managed projection screens for church services and events.
